

Assignment Submission Guideline

UCCD3243 Server-Side Web Applications
Development
Feb-May 2026

Reminder

- Please ensure that the names on your cover page & rubric mark are listed exactly in the same order as you filled in the Excel sheet ([Click this link to view the excel](#)).

UNIVERSITI TUNKU ABDUL RAHMAN

FACULTY OF INFORMATION AND COMMUNICATION TECHNOLOGY

UCCD3243 SERVER-SIDE WEB APPLICATIONS DEVELOPMENT

GROUP ASSIGNMENT

Project Title:

Group Number:

Group Leader:

Lecturer:

Name	Student ID	Practical Group	Programme

RUBRIC MARK:

		Student 1	Student 2	Student 3	Student 4
STUDENT ID					
STUDENT NAME					
PROGRAMME					
MODULE					
Attribute	Actual Marks				
Report Section (Group)	30				
Site Hierarchy and Navigation	5				
System Flowcharts	10				
Overview of Database Structure	5				
Functional Requirements	10				
Application Section (Individual)	35				
Module Implementation	15				
Data and Logic Flow	10				
Coding Structure	5				
Error Handling and Debugging	5				
Application Section (Group)	35				
Professional Outlook (Front and Back End)	5				
Integration of Modules	20				
Testing and Debugging	10				
Total	100				

Guideline Recommendation (Report- Part): Functional Requirements

- Include 1 screenshot per module (optional but recommended).
- State the module name and purpose: Briefly describe what the module is for.
- List each core feature : Number them clearly (Feature 1, Feature 2, etc.).
- **Ensure clear explanation** for each core functional requirement (For every feature, you may describe):
 - What the user does (input or action).
 - What the system does (process or response).
 - Data/fields involved (example: name, date, amount).
 - Validation rules (example: required fields, limits).
 - Expected outcome (what happens after the action?).

Keep it readable, no need for multiple screenshots.

Video Recording Guideline

- Use Microsoft Teams for recording:
 - All group members must turn on their cameras during their presentation.
 - Use screen sharing to demonstrate the web application.
 - The presenter's name must be visible on the screen.
- Flow presentation:
 - Individual Modules – Each member presents their module (4-5 minutes each).
 - Group Integration – Group leader presents system integration and key findings (5-7 minutes).
 - Total duration: Max 30 minutes
- Ensure good video and audio quality to avoid disruptions.

Presentation Flow

1. INDIVIDUAL MODULE DEMONSTRATION:

- Each member will present their assigned module with a proper screen share and demonstration.
- Introduce yourself and your module.
- Demonstrate the module's core functionalities, including CRUD operations to showcase the complete workflow.
- Highlight validations and error handling specific to your module.

Presentation Flow

2. GROUP INTEGRATION DEMONSTRATION:

- The **group leader** will represent the team and summarise how all modules are connected and function as a complete system.
- Summarise user roles and access control (admin/user etc.).
- Highlight how data flows between modules and how they are integrated.
- Showcase any special functions or innovative elements added beyond the basic requirements.

Feb-May 2026 Assignment Submission

Due by **17th April 2026 (Friday)** at 5:00 PM

Before submission, please refer to the "Assignment Submission Guideline" shared on WBLE.

nurathirahn@utar.edu.my [Switch account](#)

The name, email, and photo associated with your Google account will be recorded when you upload files and submit this form

* Indicates required question

Group Number *

Please refer to this Excel for your group number: [Group Lists](#)

Your answer

Assignment Report (word file) *

(Name the file as GroupNo_Rpt.doc)

Upload 1 supported file: document. Max 100 MB.

Add file

Provide the Google Drive link where all assignment materials can be downloaded *
(ensure public access).

Required materials:

- ZIP file (source code & database)
- Video Recording (ensure only 1 video recording) - for Demonstration purposes

Your answer

Submit

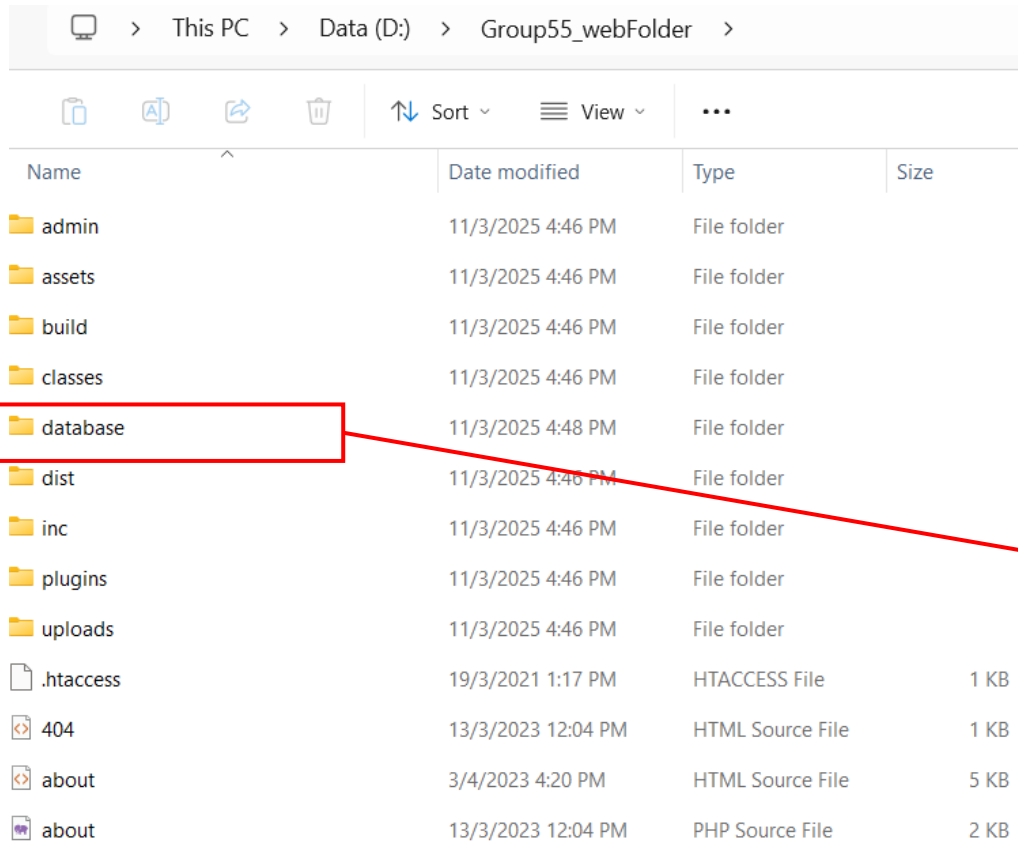

Clear form

Google Form for Assignment Submission: <https://forms.gle/5uH45KbmCuaqtrYx5>

Submission Instructions

- Each group must submit the following items via **Google Form**.
- Ensure all files are properly organized and named before submission.
- NO LATE SUBMISSION
- Required attachments:
 - Upload the Project Report (Word file) directly in Google Form.
 - Ensure the report includes a cover page with the rubric mark (*Refer to WBLE*).
 - Upload ZIP File & Video Recording to Your Google Drive
 - Create a Google Drive folder named: UCCD3243 Group [Your Group Number] AS
 - Upload (*Refer page 9*):
 - ZIP File (Containing all PHP source code & database .sql file inside a “database” folder).
 - Video Recording of the project demonstration.
 - Set folder access to “Anyone with the link can view.” (Make it public access)
 - Copy and paste the Google Drive folder link in the Google Form submission field.
